

## GUANO

A microbe friendly source of phosphorus and calcium.

Calcium and Phosphorus are not normally combined in the one fertiliser.

Phosphate is necessary for proper plant metabolism (energy transfer), blooming and possibly somewhat early maturity.

Calcium is important for soil pH, soil health and cell wall development in plants.

Calcium also reduces the toxic effect from sodium and from soil borne fungi such as root rot and phytophthora.

## APPLICATION RATES

Suitable for fruit and nut trees, vines, vegetables, row crops, tropical fruit, turf, pastures and cereals.

Application rates:

Pastures: 50kg-200kg/ha

Vegetables: 200-500kg/ha

Trees & Vines: 200-300kg/ha

Cereals: 50-200kg/ha

## TYPICAL ANALYSIS

P - 9.7%

Ca - 32.1%

ORGANIC FERTILISER - SOLID

# Guano

Natural Phosphorus - Granular

- Phosphorus and Calcium for your current crop
- Microbe friendly source of P and Ca and a range of trace elements for improved soil and plant health

# 1.2 tonne

MICROBE  
FRIENDLY

## STORAGE

Store in original container away from direct sunlight.

## PRECAUTIONS

### KEEP OUT OF REACH OF CHILDREN

Do not swallow. The dust from this product may act as an irritant. Avoid inhalation and contact with the eyes and skin.
