Assessment of NOP Input Compliance

Dear Sue,

Referring to your requested assessment for **Compliance of an Input Product** to the United States Department of Agriculture (USDA) National Organic Program (NOP).

The Actinobact from 6177M Organic Farming Systems has been assessed for compliance to the USDA NOP Standards.

The Actinobact is compliant according to the requirements of the USDA National Organic Program (NOP) for use in certified organic production systems.

The assessment of the Actinobact is based on the formulation provided by Organic Farming Systems. Any changes to the Actinobact is to be provided to NASAA Certified Organic (NCO) in writing and a reassessment of compliance will be conducted.

This confirmation of compliance of the product Actinobact is valid for 12 months subject to no change in the formulation(s) and/or process(es) submitted and while Organic Farming Systems retains certification with NCO. Reassessment is based upon the submission of current formulas.
