Material Safety Data Sheet

Issue Date: 30/07/15

Product Name: New Era High N

Not classified as hazardous according to criteria of NOHSC

1. IDENTIFICATION

Product Name	New Era High N
Product Use	Organic Fertiliser
Chemical Name	Poultry Manure Pellets

2. COMPOSITION/ INGREDIENTS

Ingredients: Composted poultry manure to Australian Certified Organic Standards plus a blend of naturally occurring ingredients which have been combined into pellets using natural binders in a heat-setting process.

3. HAZARDS IDENTIFICATION

Not classified as a Dangerous Good.
Not considered a health hazard under normal circumstances of use.

4. FIRST AID MEASURES

Inhalation:	Low irritant. Breathing in dust may result in respiratory irritation. If irritation occurs, remove victim from area of exposure – avoid becoming a casualty. Seek medical advice if effects persist.
Ingestion:	Low toxicity. With large doses ingestion may result in nausea, vomiting and gastro intestinal irritation. If poisoning occurs, rinse mouth with water. Seek medical advice.
Eye:	Low to moderate irritant. Exposure to the dust may cause discomfort due to particulate nature. May cause physical irritation to the eyes. If in eyes, wash out immediately with water for 15 minutes. In all cases of eye contamination it is a sensible precaution to seek medical advice.
Skin:	Low irritant. Prolonged and repeated use may result in slight irritation. If skin contact occurs, remove contaminated clothing and wash skin with soap and water. If irritation occurs seek medical advice.
First Aid Facilities:	Normal washroom facility.
Advice to Doctor:	Treat symptomatically.

5. FIRE FIGHTING MEASURES

Extinguishing Media:	Use extinguishing media suitable for surrounding fire situation.
Specific Hazards:	Nil. Very slowly combustible and non flammable.
Precautions in connection with fire:	Firefighters should wear self-contained breathing apparatus and full protective clothing.

6. ACCIDENTAL RELEASE MEASURES

Spills & Disposal: Contain and prevent run off into drains and waterways.

7. HANDLING AND STORAGE

Storage: Store in cool, dry area, out of direct sunlight and removed from foodstuffs. Ensure containers are labeled, protected from physical damage and sealed when not in use. Keep out of reach of children.

8. EXPOSURE CONTROLS, PERSONAL PROTECTION

Exposure Limits: No value assigned for this specific material by the National Occupational Health and Safety Commission

Personal Protections: Do not inhale dust/powder. Use with adequate natural ventilation. Use appropriate safe work practices to reduce dust levels. No personal protective equipment is normally required. Where inhalation risk exists, wear a Class P1 (Particulate) respirator.
Individuals with sensitive skin should consider wearing PVC or rubber gloves. Always wash hands before smoking, eating, drinking or using the toilet. Do not inhale dust/powder. Use with adequate

Engineering Controls: Avoid generating and inhaling dusts. Use in well ventilated area. Keep containers closed when not in use.

Other information: No biological limit value allocated.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Brown pellets
Odour: Manure
Solubility in Water: Slightly soluble

10. STABILITY AND REACTIVITY

Stability: Stable under normal conditions of storage and handling.

11. TOXICOLOGICAL INFORMATION

Inhalation: Prolonged contact to high concentrations of dust may cause irritation to nose and throat, which may cause coughing and shortness of breath,
Ingestion: May cause diarrhea, nausea, vomiting and cramps and circulatory problems.
Skin: Mildly irritating. Prolonged contact may cause dermatitis.
Eye: Mildly irritating to eyes.

12. ECOLOGICAL INFORMATION

Avoid contaminating waterways.

13. DISPOSAL CONSIDERATIONS

Dispose of waste according to federal, EPA , state and local regulations. Assure conformity with all applicable regulations.
Can use on garden according to directions.

14. TRANSPORT INFORMATION

Un number: None allocated.
Proper Shipping Name: None allocated.
DG Class: None allocated.
Hazchem Code: None allocated.
Packing Group: None allocated.
EPG Number: None allocated.
IERG Number: None allocated.

15. REGULATORY INFORMATION

No classified as hazardous.

16. OTHER INFORMATION

This product represents a low risk with normal use, however it may contain living organisms (bacteria, fungi, protozoa) which may be harmful if inhaled, with prolonged skin contact, or if accidentally ingested. Inhalation of dust or mist may cause irritation of the nose and throat and possible sensitization (with asthma-like symptoms). This product has the potential to cause Legionnaire's disease, although this effect is rare. Legionnaire's disease is a severe, often fatal disease characterized by pneumonia, dry cough, muscular pain and sometimes gastrointestinal symptoms. There may be organ dysfunction and eventual cardiovascular collapse.

The data and recommendations presented herein are based upon research of others believed to be accurate. However, no warranty is expressed or implied regarding this data or the results to be obtained from use thereof. Organic Farming Systems assumes no responsibility for the injury to customers or third party proximity caused by the material if reasonable safety procedures are not adhered to as stipulated in this data sheet.
