

NEW ERA PROTEIN MEAL

A high quality blend of animal protein that provides a combination of immediately available and slow release organic nitrogen.

Nitrogen is the building block of proteins, vitamins, enzymes and lipids in all plants.

- A combination of available and slow release nitrogen
- Feeds soil biology and plants
- Is ideal for vegetable and fruit production
- Is a cost-effective nitrogen source for organic growers

APPLICATION RATES

Suitable for fruit and nut trees, vines, vegetables, row crops, tropical fruit and cereals.

Use as a pre-plant or as a side-dress to boost early plant development and strength.

Application rates:

- 200kg to 1/ha.

TYPICAL ANALYSIS

N - 13%

ORGANIC FERTILISER - SOLID

New Era Protein Meal

High Nitrogen (13%) natural fertiliser

- Slow release Nitrogen
- Apply as pre-plant or side-dress to boost early plant development & strength
- Apply 200kg - 1 t/ha (20 - 100g/sq.m.)

1 tonne
