

ORGANIC-N

Natural source of liquid nitrogen for use in all agricultural crops. Can be used via irrigation or as a foliar spray to supplement nitrogen for organic and conventional farming situations.

DIRECTIONS FOR USE

When mixed, fill spray tank half full with water and add the required amount of Organic-N while continuing to fill tank with water. Also add Fish Emulsion as spray oil or surfactant just before tank is full of water. Continue agitation through the spray operation. Jar tests are always recommended for tank mix compatibility.

Always agitate drum contents before use.

APPLICATION RATES

Horticultural Crops:

Minimum dilution rate 1 : 100 with water.

Foliar Spray: 2 - 5L/ha; repeat as required.

Irrigation: 5 - 10L/ha; repeat as required.

Broad-acre Crops and Pastures:

Minimum dilution rate 1 : 100 with water.

Foliar Spray: 2-5L/ha; repeat as required.

Each farmer's situation and processes and practices may differ and therefore necessitate corrections to ensure optimum results. Adjust rates according to production levels. Repeat as required.

Always test for compatibility and crop suitability prior to use. Seek advice for rates suited to your crop.

CLEAN UP PROCEDURE

Use all mixture in spray and irrigation tanks; purge tanks and lines with clean water; flush irrigation lines. Do not return mix to original drums.

STORAGE

Store in original container away from direct sunlight. Do not store in diluted form.

PRECAUTIONS

Physically compatible with a wide range of commonly used products. Always mix a small quantity (jar test) and check for physical compatibility before combining with other ingredients.

When applying for the first time, or in combination with other products, a small test area should be sprayed and observed prior to the total spray.

Exceeding 1:50 concentration can create a phytotoxic reaction in some environmental conditions.

Caution should be used when applying as a foliar spray in conjunction with copper based products as increased activity of copper may produce unacceptable levels of phytotoxicity.

Do not apply as foliar spray during flowering.

WARNING

Do not swallow. The spray from this product may act as a irritant. Avoid inhalation and contact with eyes and skin.

Wear protective clothing, safety glasses and gloves when using this product.

DISCLAIMER

Organic Farming Systems (OFS) has no control over farming methods, application of the product, irrigation systems, weather or growing conditions. Consequently no responsibility or liability for any failure in performance, losses, damages or injuries will be accepted by Sustainable Ventures Pty Ltd trading as OFS, its distributors or agents following the use of this product.
