Re: Assessment for Compliance of an Input Product to the United States Department of Agriculture (USDA) National Organic Program (NOP).

Dear Sue,

The 'Amino Power, Extra-N & Organic 'N' from 6177M Organic Farming Systems has been assessed for compliance to the USDA NOP Standards.

The 'Amino Power, Extra-N & Organic 'N' is compliant according to the requirements of the USDA National Organic Program (NOP) for use in certified organic production systems.

The assessment of the 'Amino Power, Extra-N & Organic 'N' is based on the formulation provided by Organic Farming Systems. Any changes to the 'Amino Power, Extra-N & Organic 'N' is to be provided to NASAA Certified Organic (NCO) in writing and a reassessment of compliance will be conducted.

This confirmation of compliance is valid while the 'Amino Power' remains unchanged from the formulation submitted and while Organic Farming Systems retains certification with NCO.

Regards,
