Citran 1 meets Australian standards for food contact and food safety.

Citran 1 is ideal for:

1. Sanitising hard surfaces, machinery and bio security situations (sanitising vehicles, agricultural equipment, foot baths).
2. Washing whole fruit and vegetables before packaging. It can be used as a dip or spray to sanitise fruit and vegetables such as apples, oranges, lettuce, cucumber, etc prior to packaging.

Dilute in clean water before use.

Do not use undiluted.

Rates

Hard Surfaces, Equipment Machinery

Commercial Grade Sanitiser: 20ml/L
Commercial Grade Disinfection: 50ml/L
Biosecurity: 50ml/L (5% solution)
