

FULVIC ACID POWDER

Fulvic Acid Powder is widely known for its ability to:

- Improve the uptake of nutrients by plants in foliar applications.
- Bond with plant nutrients to reduce their immobilisation in the soil.
- Promote quicker seed germination, faster root and shoot growth.
- Provide a valuable source of active carbon for soil microbes.
- Offer drought protection due to improved water storage.

DIRECTIONS FOR USE

Ensure all product is dissolved prior to application. To produce a dissolved concentrate, mix at 1:10 with water; do not add solid to spray tank. Add the Fulvic Acid Powder to warm water slowly. Always mix under vigorous agitation. Test compatibility before using with other products. Care must be taken when mixing.

APPLICATION RATES

Always pre-mix with water.

Foliar Spray:

Apply 100-300g/100L water.

Via irrigation:

Apply 0.3 - 1.0kg/ha.

Granular Fertiliser Coating:

Blend at 1 - 3 kg per tonne.

Herbicides/Pesticides:

20 - 50g in 50L spray mix per ha.

Seed Treatment:

4-5kg per tonne seed.

SOIL HEALTH

Fulvic Acid Powder

Foliar fertiliser uptake enhancer

All the benefits of fulvates in a cost effective powder:

- 85% fulvic acid
- 98% water soluble
- Provides a valuable source of carbon for soil microbes
- Used to buffer UAN foliar sprays

SUSTAINABLE
FARMING SOLUTIONS

WARNING - NUISANCE DUST

May cause respiratory irritation.
May cause eye irritation.

Prevention:

Wash skin thoroughly after handling. Avoid breathing dust. Use a particle mask, safety glasses and protective clothing and gloves.

IF ON SKIN: wash with plenty of soap and water to avoid eye contact.

IF INHALED: remove person to fresh air and keep comfortable for breathing. Call the Poison's Information Centre 13 11 26 or doctor/physician if you feel unwell.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention. Store away from food, drinks and animal feeding stuffs.

CLEAN UP PROCEDURE

Use all mixture in spray and irrigation tanks; purge tanks and lines with clean water; flush irrigation lines. Do not return mix to original container. Store in original container away from direct sunlight and moisture.

PRECAUTIONS

Physically compatible with a wide range of commonly used products. Always mix a small quantity (jar test) and check for physical compatibility before combining with other ingredients.
