

## DIRECTIONS FOR USE

Organic-TE is used in a wide variety of agricultural enterprises. It is suitable for use as a foliar spray and via irrigation. When mixing, fill spray tank half full with water and add the required amount of Organic-TE while continuing to fill tank with water. Also add Fish Emulsion as spray oil or surfactant just before tank is full of water. Continue agitation through the spray operation. (JAR TESTS are always recommended for tank mix compatibility).

Re-seal container after use. Do not return product to original container to avoid contamination.

## APPLICATION RATES

### Foliar:

Do not exceed 0.5% solution in sprays; test spray on a small area prior to use, particularly in low volume sprays.

### Vegetables:

0.5 - 1.0 kg/ha; as required.

### Fruit:

0.5 - 1.0 kg/ha; 2-4 applications from fruit fill.

### Vines:

0.25 - 0.75 kg/ha; pre-flower and post fruit set.

### Broad-acre Crops:

1.0 - 2.0 kg/ha; every 14 days early in growing cycle. (Cereal Crops: 0.25 - 0.5kg/ha)

### Ornamentals/Nursery:

0.5% solution; every 14 days.

### Via Irrigation:

Apply up to 5kg/ha per application. Repeat as required.

SUSTAINABLE  
FARMING SOLUTIONS

**WARNING - NUISANCE DUST**  
Causes eye irritation.  
May cause respiratory irritation.

Amino Acid component becomes sticky with moisture and can temporarily irritate eye.

Avoid breathing dust. Powder is fine and may cause irritation to respiratory tract.

Use a particle mask, safety glasses and protective clothing & gloves.

Wash skin thoroughly after handling. Avoid breathing dust.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if easy to do. Continue rinsing for 15 minutes; if eye irritation persists seek medical attention.

IF INHALED remove victim to fresh air. Call Poisons Information Centre 13 11 26 if you feel unwell.

See SDS for further first aid and safety instructions.

## CLEAN UP PROCEDURE/STORAGE

Use all mixture in spray and irrigation tanks; purge tanks and lines with clean water; flush irrigation lines.

Store in original container away from direct sunlight.

## PRECAUTIONS

Physically compatible with a wide range of commonly used products. Always mix a small quantity (jar test) and check for physical compatibility before combining with other ingredients.
