DIRECTIONS FOR USE

Rate: 30 g per 25kg seed.

Method:

Apply as a dry seed treatment prior to planting.

Depending on equipment:

1. Shake contents of pack across seed in plant box and mix, or
2. Sprinkle Sabel-X Corn onto seed in bag. Treat in one bag increments to ensure uniform coating of seed. Shake bag or mix until uniform coverage is obtained.

Plant treated seed directly after Sabel-X seed treatment has been applied.

WARNINGS

Handle with care. Dust hazard, do not inhale.

Avoid contact with eyes. Can cause skin and eye irritation. If skin or eye contact occurs, flush with copious amounts of clean water.

Wash hands with soap and water after use. Do not eat, drink or smoke whilst using product.

STORAGE

Store away from food stuffs in a cool dry place below 24°C and out of direct sunlight. Do not refrigerate, freeze or allow to overheat.
